

Spark Tips and Spark Rods

- High Energy Ignition Probes
 - Energy Power Supplies 
 - Portable Power Supplies
 - High Energy Ignition Retract Assemblies
 - Transformers
 - Oil (6,000v-10,000v)
 - Gas (6,000v-10,000v)
 - Wires - High Temperature
 - Ignition Cables
 - High Voltage and High Energy Spark Electrodes
 - Flame Rods
 - Torches
- Replacement spare parts for OEM manufactures such as:
Alstom (CE), Coen, Peabody, FPS (B & W) and Forney.

Oil and Gas Burning Equipment Parts

- Replaceable Atomizer Tips (Oil-Gas)
- Atomizers, Orifice Plates, Sprayer Plates
- Oil Guns and Warm up Guns (Gas)
- Oil Lighter Assemblies
- Swirlers / Diffusers / Low-High Pressure Gauges
- Heat Pumps
- Regulators
- Switches
- Valves
- Fiber Optic Bundles

All Replacement Parts Are To OEM Standards.

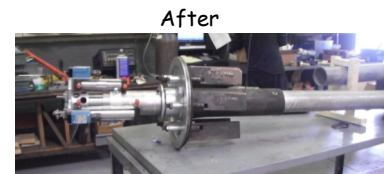

CSC maintains a full inventory of standard parts, as well as manufacture to customer's specification.

Repairs and Rebuilds

Before

- Oil Lighter Assemblies / Oil Guns
- Power Supplies / Retract Assemblies
- Custom / Hard to find OEM replacement parts
- Fast Lead-times
- Engineers on site with the ability to design a replacement to any OEM part.
- CNC Machine Shop to provide engineered solutions.

After

All parts and rebuilds are manufactured and repaired on premise, assuring consistent quality and prompt lead times.

CSC maintains all OEM manufacturer specifications as well as customer's custom requirements.

Providing High Quality Products and Service Since 1972
